## 2,500 Family Members of Falun Gong Practitioners Expose Atrocities at a Forced Labor Camp

(Clearwisdom.net) We are the family members of Falun Gong practitioners illegally detained at the Baimalong Women's Forced Labor Camp in Zhuzhou City, Hunan Province. Twice before, we published joint letters appealing to the international community. We want to expose a few recent incidents in order to stop this brutality.

**Ms. Wen Huiying**, 53, was a financial officer in Hunan Province. She was arrested and sent to the Baimalong Labor Camp in January 2006. The guards hit her head with metal coat hangers until the hangers broke and her head was covered in injuries. They made her squat while stabbing her with large sewing needles and hitting her with stools and brooms until they broke. Great pain prevented Ms. Wen from eating. The guards force-fed her and purposely jabbed her throat with chopsticks and injured her throat. They knocked out three of her teeth.

*Doctor, "I have no choice. The police told me to do it or I will lose my job."*

**Ms. Shu Bilan**, 61, worked as the head of the finance section at the Changsha City Telecommunications Bureau. In 2005, she was sentenced to three years in prison and was taken to Baimalong. A group of guards headed by Huang Wenmin forbade her from sleeping, washing herself or sitting down. They also beat her and knocked out her teeth. They injected her with a large quantity of drugs, after which she developed a huge tumor on her neck. She was eventually diagnosed with late-stage brain cancer.

**Ms. Liu Yuwei**, 37, worked as an accountant in Hunan Province. Ms. Liu was arrested in 2005 while distributing truth-clarification materials and was sentenced to 18 months in Baimalong. Six guards once stripped her naked and pushed several Y-shaped forks into her vagina. The forks were very difficult to pull out and she suffered extraordinary humiliation and pain. At another time they didn't let her use the restroom for eight days and a stream of body fluid shot straight out from her navel.

**Ms. Li Jiaju** is in her fifties and came from Hunan Province. She was taken to Baimalong in January 2006. The guards force-fed her with feces and urine. They shoved a feminine napkin and filthy towel in her mouth. They deprived her of sleep and use of the restroom. They also poured cold water on her in the winter until she lost consciousness.

**Ms. Zhen Xiaohua**, 35, came from Yongzhou City, Hunan Province. The guards hit her with stools and sticks. They stabbed her vagina with wooden sticks and several toothbrushes tied into a bundle. Ms. Zhen's entire body became bloated. The guards put drugs in her food, causing her to become paralyzed and confused. The labor camp told her family to take her home when she was near death. She passed away on May 17, 2006.

## Introduction to Falun Dafa

Falun Dafa, also known as Falun Gong, is a practice for benefiting physical health and elevating the mind. Introduced by Mr. Li Hongzhi in China, the practice consists of five gentle exercises including meditation, and diligent effort on the part of practitioners to follow the universal principles of Truthfulness-Compassion-Forbearance in daily life. Falun Gong is not only beneficial to one's own health and well-being, it also benefits others. Although the practice originated in China, today it is practiced throughout the world by people of all races and walks of life. In the face of the most brutal and vicious persecution perpetrated on them by the Chinese Communist Party, Falun Gong practitioners have found the spiritual strength to resist peacefully and tirelessly by upholding the principles of Truthfulness-Compassion-Forbearance.

## Despite CCP Threat, Falun Gong Practitioners Share the Beauty of Falun Dafa at the King's Birthday Celebration in Thailand

(Clearwisdom.net) In August 2006, practitioners were invited to perform at the queen of Thailand's birthday celebration. Their performance was very welcomed by both the audience and organizers. The practitioners were then invited to the king's birthday celebration rally on December 5.

The Chinese Communist Party (CCP) did not want the spread of Falun Gong in Thailand. The Chinese Embassy called the Falun Gong contact person in Thailand and threatened him about their upcoming performance. On December 3, the celebration organizers told the practitioners that their performance was canceled.

Practitioners open banners reading, "Truthfulness-Compassion-Forbearance" and "Falun Dafa in Thailand" in Chinese and Thai

Practitioners still attended the rally on December 5. They dressed up and brought a lot of fans as gifts. They also brought many truth-clarifying materials to the rally. Facing thousands of people and policemen, the practitioners first opened a beautiful banner that said, "Celebrating His Majesty's 79<sup>th</sup> Birthday" in Thai and Chinese. Then they unfurled banners reading, "Truthfulness-Compassion-Forbearance" and "Falun Dafa in Thailand" in both languages. They also set up seven big Falun symbols, which attracted many Thais.

After the king's motorcade passed by, the practitioners gathered together and sang, "Falun Dafa Is Good" and "Coming for You" under the banners and Falun symbols. It was like a heavenly stage showing up in front of the Thai people. Numerous people took photos. The policemen were happy to accept the truth-clarifying materials and the gift fans from practitioners. Every practitioner was happy that many people became aware of Falun Dafa and learned the truth about it.

## Hospital in China Performed Heart Transplant in Record Time

(Clearwisdom.net) After the atrocity of organ harvesting from living Falun Gong practitioners was exposed, the "Coalition to Investigate the Persecution of Falun Gong in China" (CIPFG) was formed on April 4, 2006, to collect information from people who have inside knowledge of the situation.

Shenyang City's *Shi Dai Shang Bao* published an article on November 22, 2006, entitled, "Kindhearted Brother Gave a Good Heart." According to the article, a taxi driver who suffered from heart disease went to China Medical University's Shenjing Hospital in October and the hospital decided to perform a heart transplant on November 10. The hospital found a suitable "donor" within one month. Further information about the donor was not provided and it is highly doubtful that there was a legal source for the organ.

## A Seven-Year-Old Practitioner: Studying Dafa Has Changed Me

(Clearwisdom.net) I first started reading *Zhuan Falun* (the principal text of Falun Dafa) when I was in Minghui School. I started to read *Zhuan Falun* by myself, and Daddy or Mom helped me with the characters I didn't know. If I studied Dafa first, I could finish my homework quickly, and play the piano better. I also learn many Chinese characters while reading. Mom told me that I used to easily get angry when I was younger, which no longer happens, since I have been studying Falun Dafa.

I rarely studied the teachings of Dafa during the last couple of months. I started to get angry again often and I was even jealous of my younger sister. Daddy and Mom said to me, "You have become close to being an everyday kid." I got really upset

when I heard this. Daddy sat next to me and helped me to read *Zhuan Falun*. After reading two paragraphs, I didn't feel angry any longer.
